

Dress Code – BayView State School

Student dress standards promote the good image of our school and encourage students to uphold and enhance that image. Our Dress Code enables students to participate fully in all school activities and contributes to, and supports, a healthy and safe learning environment in compliance with the *Anti-Discrimination Act 1991 (Qld)*. Our uniforms reflect current recommended Departmental Sun Safety material and style.

It is expected that parents will support the uniform policy by ensuring students arrive at school in full school uniform each day. It is a condition of enrolment that students comply with the Dress Code. The uniform must be in good condition and clean. All items should be named. Uniforms are available for interim use for those students who are unable to meet uniform requirements. BayView State School is an inclusive school which values diversity and works with families to accommodate uniform variations to meet cultural and religious customs.
